Gentlemen,

Thank you again for visiting EPA and letting us share with you our current study plans and thinking about the potential water resource impacts of hydraulic fracturing. I appreciate the opportunity to meet all of you and discuss these important issues. Thanks also for the lovely scarves you left for me. They are quite beautiful.

Please come back to visit any time. Thanks,

Nancy Stoner
Acting Assistant Administrator for Water
US EPA

Subject: JEF Mission on Development and Utilization of LNG in the U.S.

June 7, 2012

The Honorable Nancy Stoner
Assistant Administrator for Water
U.S. Environmental Protection Agency
Washington, D.C.

cc: Mr. Sasha Koo-Oshima
Senior International Water Advisor
to the Assistant Administrator for the Office of Water

Ms. Martha Workman,
Administrative Assistant to the Assistant Administrator for Water

Dear Madam,

On behalf of the members of the Japanese delegation, I would like to express our genuine gratitude for all your time and effort to meet on Monday, June 11, 2012 at 10:30 a.m.. They are truly thrilled and looking forward to it. We believe that this meeting will be vital in discussing extremely important issues that will shape the future of energy policies for Japanese business and industry.

Mr. Moro, our U.S. Executive Director, is in close contact with Mr Sasha Koo-Oshima and Ms. Marth Workman in this regards, and everything appears to be set to go. Again, we are so grateful and hope that we will

be able to reciprocate.

Best regards,

Isao Idota
Executive Director
Japan Engineers Federation (JEF)
